THE MONUTS

While trying to keep busy during Quarantine, Chef Peggy, usually found behind the scenes at Toronto's Scaramouche restaurant, experimented with baking. After the "monut" trend exploded in Japan, she wanted to try making her own in Toronto using her training as a chef in French Cuisine. Peggy draws inspiration from both Asian and European flavours in her weekly made-to-order monuts. Flavours include Creme Brulee, Tiramisu, Hojicha, Lemon Poppyseed and many more.
